YOUR HEALTH IS OUR TOP PRIORITY

The wellbeing of our guests and staff is always our priority. We have implemented heightened sanitary procedures to keep our community as safe as possible dining the current situation with Coronavirus (COVID-19).

We do offer social distancing with our large restaurant and can seat you away from other guests. Here is what we are doing:

Providing single use menus

Removing condiments from tables to serve only on request and sanitize in between uses.

We will have single use disposable silverware for guests upon request

Reinforcing our mandate on staff to stay at home if they show any signs of cold or flu

We will continue to sanitize all surfaces frequently

Implemented heightened staff hand washing procedures and providing extensive education on how to prevent the spread of germs.
